As the Middle School Team, we promise to have high expectations for each individual student, create a caring learning environment, and enforce the rules of the Middle School Team, Canty School, and the Chicago Board of Education. We have only one expectation for our students this year- that they put forth their best effort, in both their personal and academic lives. In order to foster independence, students are responsible for reaching out to all teachers regarding grades and missing work. In addition, all school fees can be paid through ASPEN.

Please be sure to log on to your CPS email before school begins to avoid having technical issues on the first day of school.
